**CITIZENS COMMENTS**
Ms. Patricia Smith came before the Commission concerning the Unified Development Code (UDC). She provided the Commissioners with a copy of her research. Ms. Smith spoke to over 150 people in North Caddo Parish regarding property rights. She said that they are concerned about their property rights and provided in her research packet those thoughts. Ms. Smith said that the Commissioners represent all of the constituents of Caddo Parish and would like them to take those citizens in consideration.

Mr. Jake Brown addressed the Commissioners who have citizens within the city limits of Shreveport. He believes that the MPC has been a burden for builders and developers. He also said that numerous studies have shown that too many regulations contribute to poverty because they have aggressive effects on the lower income communities by slowing entrepreneurial growth, increasing income inequality, and raising the price of goods. Mr. Brown believes that the 2030 Master and UDC will mainly hurt low and middle income households. He also said that the 2030 Master Plan outlines plans for establishing an administrative court to deal with code violations. He said that this court could possibly take clear title to property for nonpayment of fines. He also described the Master Plan as promoting smart growth by building up and not out. He believes the reason for this type of construction is because single-family homes and the right to own property is a threat to the planet. Mr. Brown said that the Caddo Alliance for Freedom is in the process of informing the citizens of Shreveport of the UDC.

Ms. Jessica Tullis described true private property rights as:

1. The owner’s exclusive authority to determine how private property is used;
2. The owner’s peaceful possession, control and enjoyment of his/her lawfully purchased, real private property;
3. The owner’s ability to make contracts to sell, rent or give away all or part of the lawfully purchased/real private property;
4. That local, city, parish, state and federal governments are prohibited from exercising eminent domain for the sole purpose of acquiring lawfully purchased/real private property so as to resell to a private interest or generate revenues;
5. That no local, city, parish, state, or federal government has the authority to impose directives, ordinances, fees, or fines regarding aesthetic landscaping, color selections, tree and plant preservation, or open spaces on lawfully purchased/real private property;
6. That no local, city, parish, state and federal government shall implement a land use plan that requires any part of lawfully purchased/real private property be set aside for public use or for a Natural Resource Protection Area directing that no construction or disturbance may occur;
7. That no local, city, parish, state or federal government shall implement a law or ordinance restricting the number of out buildings that may be placed on lawfully purchased real/private property;
8. That no local, city, parish, state or federal government shall alter or impose zoning restrictions or regulations that will devalue or limit the ability to sell lawfully purchased/real private property;
9. That no local, city, parish, state or federal government shall limit profitable or productive agriculture activities by mandating and controlling what crops and livestock are grown on lawfully purchased/real private property;
10. That no local, city, parish, state or federal government representatives or their assigned agents may trespass on private property without the property owner or is in possession of a lawful warrant from a legitimate court of law. This includes invasion or property rights and privacy by government use of unmanned drone flights, with the exceptions of exigent circumstances such as protection of life, limb, or the private property itself.

Mr. Brian White came before the Commission regarding the UDC. He has concerns about property rights. He believes that the UDC is an infringement on their property rights and should not have been since they live outside the city limits. He said that the UDC was forced upon those citizens without their knowledge until enforcement began. He cautioned that the inner city does not know the impacts of this code. He is concerned with the administrative court that is in the 2030 Master Plan and the effects it could have on the inner city areas. He also said that his family was in the process of building a small scale farm on property he owns outside of the city limits, but have since halted due to the restrictions from the UDC. Mr. White would like to have chickens on his property, but the UDC only allows the eight hens. He would also like to build a lighted play area for his children, but the UDC only allows a certain type of light for that area.

Mr. Ron Gray to discuss the UDC. He heard talks about a chemical plant moving into a residential area’s backyard if there are no zoning restrictions. He stated that was not the case because the chemical plant would have to go through a process to obtain permits to move to those types of areas. He believes that some form of zoning would still be beneficial.

Ms. Laura Neubert came before the Commission regarding the MPC appointment. She said that her professional experience is diverse, and she has an educational background that is applicable to this appointment. Ms. Neubert also pointed out that she does live in the planning zone for the MPC. She asked that the Commission consider her for this appointment.

He also said that she always takes the high road and is fair in everything that she does. He said that she strives to do the right thing in all that she does. He asked that the Commission support Ms. Neubert for the MPC appointment.

Mr. Chavez pointed out that the 15 minutes has expired for the citizens to speak on one subject. At this time, it was moved by Mr. Atkins, seconded by Mr. Chavez, to allow the remaining citizens 15 seconds to speak on Ms. Neubert. Motion carried, as shown by the following roll call votes: AYES: Commissioners Atkins, Burrell, Cawthorne, Chavez, Epperson, Gage-Watts, Hopkins, Johnson, Lazarus, Taliaferro, and Young (11). Mrs. Gage-Watts also asked that a video for Ms. Moore be played since she could not be in attendance today. During Ms. Moore’s video, she listed her educational background, professional experiences, and her interest in serving on the board.

Mr. Hopkins wanted to know if Ms. Moore lived in the city limits or in the planning area. Mrs. Gage-Watts explained that was not in the requirements to be on this board. She does not believe there is enough diversity on the board, and the requirement is that she be a resident of Caddo Parish. Mr. Hopkins agreed that there is not enough diversity.

Mr. Burrell explained that he would like to know more about the makeup of the board before he votes on either candidate.

Mr. Hopkins understands that it is not required to live in the planning area for this appointment. He also explained that the one board member who does live in the planning area is resigning. Mr. Hopkins believes that there needs to be representation for those citizens who live outside of the city limits.

Mrs. Gage-Watts said that she does not have anything against Ms. Neubert, but this is about correcting the board as it is right now. She said that the board is 6-3 and does not believe that is enough diversity. She also said that she knows Ms. Moore very well and knows that she is a strategic planner and is a people person. Mrs. Gage-Watts believes that she would be a good candidate for this position. She asked that the Commissioners support Ms. Moore.

Answering a question from Mr. Burrell regarding the position, Mr. Chavez said that it is an at-large position, not district specific. Mr. Burrell also wanted to know about the planning area. Mr. Chavez explained that the planning area is the MPC area outside of the city limits of Shreveport.

Mr. Atkins spoke on behalf of Mr. Bradford. He said that Mr. Bradford understands contracts, municipal issues, and private sector issues. He also said that Mr. Bradford is a well-rounded candidate for this position and asked that the Commissioners support him.

Mr. Taliaferro spoke on behalf of Ms. Smith. He has known Ms. Smith for a number of years. He said that she is a business owner, entrepreneur, and professional developer. He asked that the Commissioners support her as a candidate for this position.

Mr. Epperson mentioned that Ms. Proby-Waller does live in the Parish.

Mr. Burrell asked for a point of clarification regarding how to vote. Mr. Chavez explained that the candidates will be taken in alphabetical order. If the Commissioner would like to vote for him, press YES; if not, do not press anything.

Ms. Earnestine Smith received two (2) Aye votes: Commissioners Burrell and Taliaferro.

Ms. Kay Proby-Waller received four (4) Aye votes: Commissioners Epperson, Gage-Watts, Jackson, and Johnson.

Amendment by Mr. Jackson, seconded by Mr. Chavez, to amend the language to reflect that funds provided by Caddo Parish Commission or the Parish of Caddo are not used to pay for operational expenses of Robinson’s Rescue, such as salaries of Mrs. Everson.

Mr. Jackson stated that he read and compared the differences between the letters from the Parish and the one submitted by Mr. Everson. He believes that the context regarding the funds not being used for Mrs. Everson’s salary should be added to the letter submitted by the Parish.

Attorney Frazier pointed out that she submitted the contract that shows that the funding does not go to Mrs. Everson’s salary. Mr. Jackson wanted to know if it was highlighted in the contract. Attorney Frazier said that all of that information is attached. Mr. Jackson said that he would withdraw his motion if that information was highlighted.

Mr. Atkins pointed out that if the body confirms the request to send the letter, it would need to be sent by 5:00 p.m. today. Mr. Jackson mentioned that he contacted the Ethics Board, and it can be submitted by midnight tonight.

Mr. Johnson explained that the reason for the Parish Attorney to submit a request for an ethics opinion is that it would be unbiased. He asked that the Commission keep the letter unbiased.
